Affiliated to the Tamilnadu Dr. M.G.R. Medical University, Chennai.

Tagore Dental College and Hospital is committed to becoming a distinguished academic and research institution that provides outstanding education to the community as a means of making a meaningful contribution. Our objective is to advance globalization by serving as a mediator and expanding our impact in education, research, and development. We concentrate on doing research and fostering innovation through international collaboration to generate a significant impact worldwide. Our objective is to deliver exceptional education that attracts and retains high-caliber students from varied cultural backgrounds worldwide, preparing them to excel in a competitive international labor market.

GOALS & OBJECTIVES

- Support International students from the moment they enroll until they graduate
- Foster long-term success for faculty and students through the provision of collaborative, innovative, and life-altering experiences and services; and keep the university's relationship with international students strong.
- Encourage positive interactions between educators and their students

ROLES & RESPONSIBILITIES

The duties of an International Student Cell may encompass:

- Welcoming and aiding international students during their admission process while supplying pertinent information about the university and the country.
- Facilitating orientation workshops to assist overseas students in acclimating to the new academic and social milieu, encompassing cultural norms and traditions.
- Delivering support services to international students during their academic pursuits, including academic advising, counseling, and career services.

- Championing the rights and requirements of international students while serving as an intermediary between the students and the management.
- Fostering intercultural interchange and comprehension through the organization of events and activities that highlight diverse cultures and customs. Ensuring adherence to visa and immigration laws while offering counsel on associated matters.
- Keeping records and statistics pertaining to international students and generating reports as necessary.
- Engaging in collaboration with many departments and organizations both within and external to the school to improve the foreign student experience and attain shared objectives.

The admissions procedure for overseas students is overseen by the International Student Cell. They provide assistance with visa processing, accommodation, and in securing a scholarship if applicable. The non-resident Indian quota is 5% of the undergraduate enrollment.

The institute has Memorandums of Understanding (MOUs) with 3 Malaysian universities—MAHSA, AIMST, and the University of Malaya—and it actively functions with faculty exchange, organizing guest lectures and conferences. In February 2024, dental students at AIMST University in Malaysia attended a presentation on nuclear medicine from Tagore Dental College. Together with Bioleagues and AIMST University, Malaysia, the International Student Cell hosted two international conferences in March 2024 using a virtual platform.
