## **PROGRAM REPORT**

World health organization celebrates 14<sup>th</sup> June every year as “World Blood Donor Day”. The aim of this celebration is to raise awareness on blood and its products transfusion at global level. It also provides an opportunity to awaken the government and other health agencies to provide adequate awareness and infrastructure to increase the collection of blood from voluntary and healthy donors. Safe collection and transfusion of blood and its products is a crucial aspect of care and public health.

To ensure that everyone who needs safe blood has access to it, all countries need voluntary, unpaid donors who give blood regularly. Throughout the COVID-19 pandemic, despite limited mobility and other challenges, blood donors in many countries have continued to donate blood and plasma to patients who need transfusion. This extraordinary effort during a time of unprecedented crisis highlights the crucial role of well-organized, committed voluntary, non-remunerated blood donors in ensuring a safe and sufficient blood supply during normal and emergency times.

### **Focus of this year's campaign**

For 2022, the World Blood Donor Day slogan will be “Donating blood is an act of solidarity. Join the effort and save lives”. According to the WHO, the theme will put light on the roles that voluntary blood donation plays in saving lives every year across the globe. The specific objectives of this year's campaign are to:

- Thank blood donors in the world and create wider public awareness of the need for regular, unpaid blood donation;
- Highlight the need for committed, year-round blood donation, to maintain adequate supplies and achieve universal and timely access to safe blood transfusion;
- Recognize and promote the values of voluntary unpaid blood donation in enhancing community solidarity and social cohesion

In light of this focus, NSS unit of Tagore dental college and Hospital conducted a lively talk on "Donate blood, Join the efforts and save a life".

2. Motivate Communities and Panchayati Raj Institutions to adopt sustainable sanitation practices and facilities through awareness creation and health education.
3. Encourage cost effective and appropriate technologies for ecologically safe and sustainable sanitation.
4. Develop wherever required, Community managed sanitation systems focusing on scientific Solid & Liquid Waste Management systems for overall cleanliness in the rural areas.

Bring about an improvement in the general quality of life in the rural areas, by promoting cleanliness, hygiene and eliminating open defecation.

## REPORT

Donating blood has multiple health benefits, such as balancing iron levels in the blood, reducing the risk of heart attacks and cardiovascular accidents, among others. A donor can help up to 3 people with a single donation

A blood donation camp was organised by NSS team of Tagore Dental College and Hospital along with Tamil Nadu Dr.M.G. R Medical university. Students and staff members who were willing to donate their blood were requested to give their names before the camp. It was held in Dr. A. P.J Abdul kalam auditorium at Tagore Dental College and Hospital. The camp was inaugurated at 9.30AM by the Principal of Tagore Dental College and Hospital Dr.C.J. Venkatakrishnan. A team of 13 doctors and nurses from Tamil Nadu Dr.M.G. R Medical university came for the collection of blood. The doctors also informed the donors that donating blood does not weaken the donors and the recovery takes place very soon. Doctors used sterile instruments for collecting blood to ensure the safety of the donors. After checking the temperature, the donors were allowed inside the auditorium. About 77 volunteers had volunteered for blood donation. A detailed case history on vaccination, surgeries before 6 months, previous history of donating blood, accidents or traumas before 6 months was recorded. Checking weight, Blood pressure and haemoglobin estimation was done for all the volunteers. Collection of blood was done only on eligible volunteers. Out of 77 volunteers only 33 were eligible for donating blood. A certificate of appreciation and refreshments was given to each donor as a token of gratitude. We thank our Chairperson Prof M. Mala mam and Principal Dr. C.J Venkatakrishnan sir for encouraging and giving us an opportunity for organizing this program.
