Intellectual property rights and patent program was organized by Tagore Dental College and Hospital on 02-12-2020 at 10:00 in the auditorium. Dr. I. Kannan was invited as the resource speaker.

Dr. I. Kannan, is associate professor of Microbiology, Tagore medical college and hospital. He has completed his doctoral degree in medical microbiology from the University of Madras. He holds the post of officer in-charge of the central research laboratory. Further he is the technical manager in the molecular virology laboratory of Tagore medical college and hospital which is NABL accredited. With more than 25 years of teaching experience and with more than 100 research publications, he has also authored a textbook on immunology for MJP publishers and a book on microbiology for Elsevier. He has also submitted seven unique DNA sequences in GEN bank, NCBI, USA.

Dr. S. Balagopal, Professor and Head, Vice principal addressed and introduced the topic of the program to the audience. Dr. Chitraa R. Chandran, Principal welcomed the speaker and address the gathering. Principal encouraged the staffs and students to work towards getting patency of their individual ideas. Dr. Geetha Priya (Reader, Dept of Conservative Dentistry and Endodontics) introduced the speaker of the day for the lecture and invited him to the podium.

The lecture presentation focused on patency and intellectual property rights which was focused on the concepts patenting and the ways in which one can safeguard, his/her work from being stolen. Speaker Dr. I. Kannan gave a clear picture about the various method of application of national and international patents.

This program also gave a through insight on the steps to be taken right after any major breakthrough achieved and to prevent stealth of intellectual property by others. It was

also beneficial in telling the difference between levels of patent which can be imposed on the work.

Fifty one people participated in the program. The staffs and post graduate students were asked to sign the attendance sheet to mark their presence.

There was an interactive question and answer session where the gathered participants could clear there doubts with the speaker.

After the active question and answer session a memento and a certificate was presented to the speaker by the principal (Dr. Chitraa R Chandran). The program was concluded by 11:00 am.

Report was prepared by Dr. S. Balagopal, Dr. C. Charanya, Dr. A. Sri Ganesh

### Summary

The Department of Oral and Maxillo-facial Pathology, Tagore Dental College & Hospital, conducted CDE (Online webinar) program on **“Research and Grant Writing: An Overview”** on 12<sup>th</sup> December 2020, Saturday in the online google meet platform. 75 participants including post graduate students and staff, from dental colleges had attended the program. The speaker for the day was Prof. Dr.K.Ranganathan, Head, Department of Oral and Maxillofacial Pathology, Ragas Dental College. The aim was to orient and educate post graduate students and staffs on research topic selection and receiving grants for research. The programme was credited with 1 CDE points by the TN DCI (**TNDC approval number 168/20**).

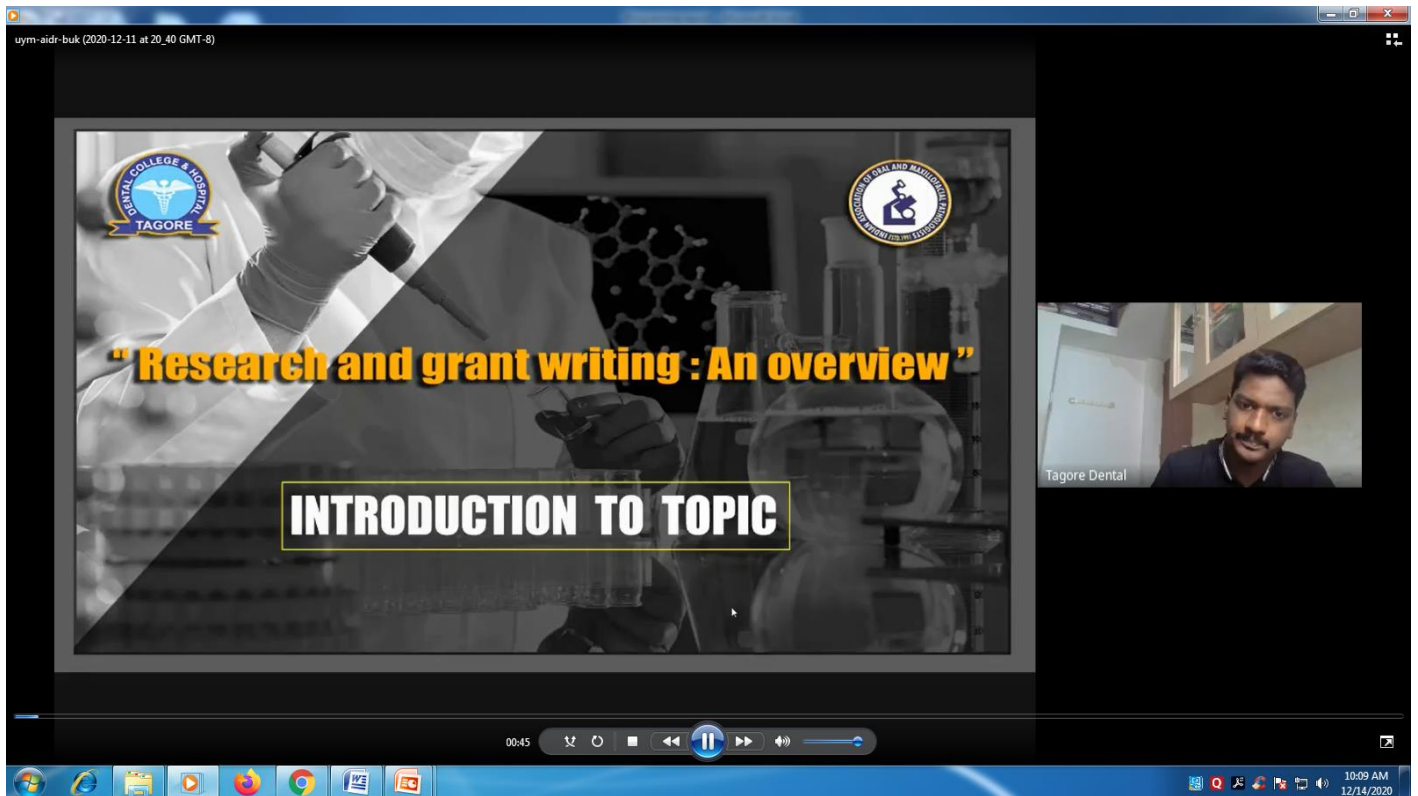

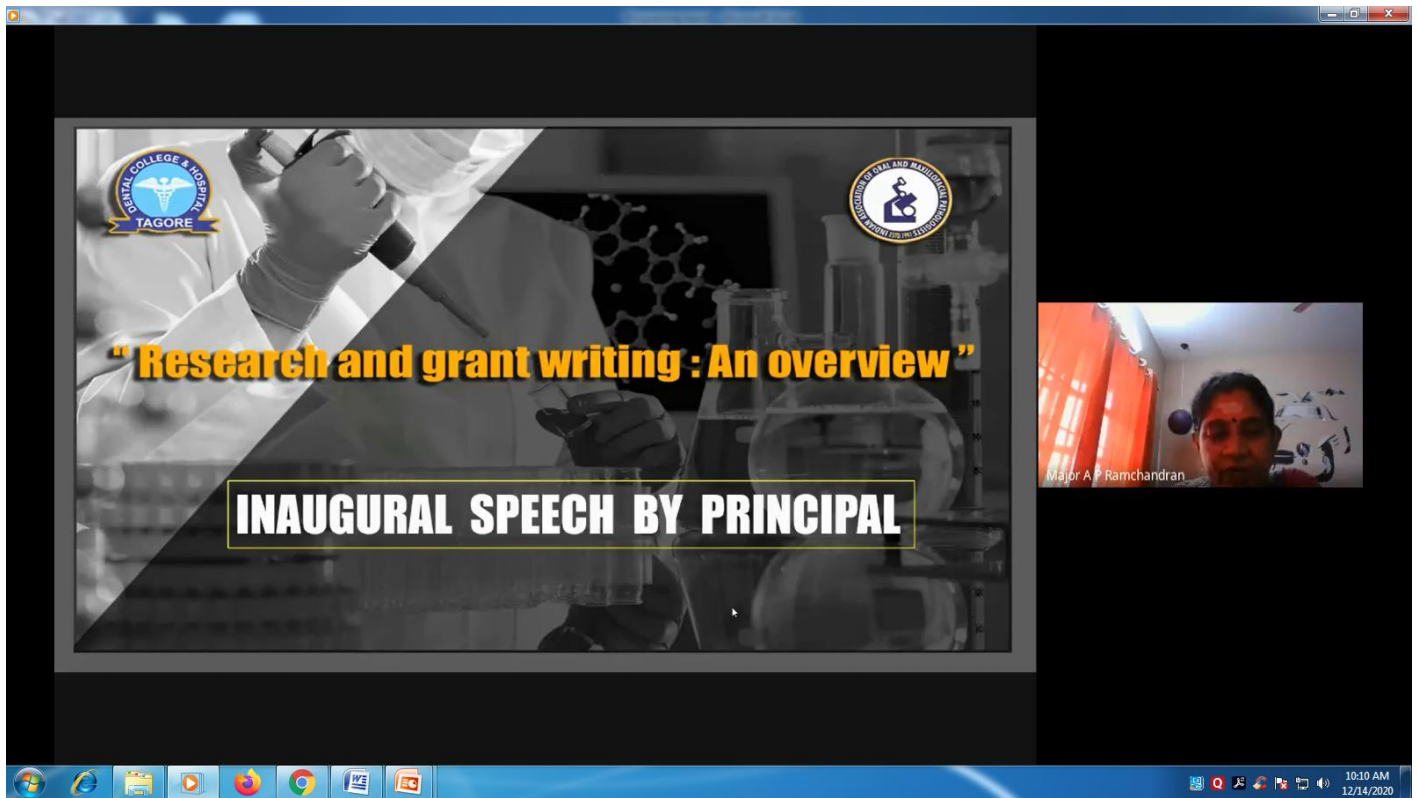

The program started with Introduction of the topic for the day by Dr. Jai Santhosh Manikandan, Senior lecturer, Department of Oral Pathology followed by Inaugural speech from our Principal, Dr. Chitraa R Chandran. This was continued with introduction of speaker for the day Prof. Dr.K.Ranaganathan by Dr P.Sai Krishna, Prof and HOD, Department of Oral and Maxillo Facial Pathology.

The webinar Session was started as planned on the topic for a period of one and half hour followed by question hour session. He has imparted his knowledge on research process in a systematic manner. He has covered the following topics in writing a grant proposal namely aims and objectives, review of literature, developing a hypothesis, study design, feasibility and ethics, brief note on collecting and analyzing the data and finally publication. He has also emphasized on the parts of a grant proposal and highlighted the areas of research which have high grant weightage.

After the webinar session, our team honoured the speaker of the day Prof. Dr.K.Ranganathan with token of appreciation with a certificate and memento for enlightening post graduate students and staffs on the topic.

The webinar was concluded with the vote of thanks proposed by Dr.S.Prasanna, Senior lecturer, Department of Oral Pathology expressing our gratitude to all those who contributed for the success of the webinar.

Meeting of the Dental Education Unit & Curriculum Committee

**Good clinical practices program started at 10:00 am.**

Nuremberg code has been mentioned.

All the CRRI's, post-graduates and the staffs attended the program through google meet forum and few students attended the lecture from auditorium.

Dr. S. Balagopal (Vice Principal, Academics), Chairman of DEU addressed the gathering and welcomed the speaker Dr. Nandhini Suresh, Associate Professor, Meenakshi Ammal Dental College

Dr. Chithraa R Chandran, Principal, Tagore dental college and hospital joined the meeting in the auditorium and welcomed the speaker of the day and spoke about the importance of good ethical clinical practice.

Dr. Vandana James, Reader, Department of Conservative Dentistry and Endodontics, gave a brief introduction about the speaker and her accomplishments.

Dr. Nandhini Suresh spoke elaborately about ethical values in the clinical practice. She explained good clinical practice has been a misnomer. She took us down the lane, in the past times when humans were used as trial models for various trials. She explained on how unethical these tests were and the side effects the humans faced due to this. She also gave

glimpse of history of how human trials were carried out during Nazi's reign and various other time periods.

Dr. Nandhini Suresh gave a picture of the various acts and amendments that were introduced just to avoid the unethical practice towards human beings. She explained about few acts that favors human beings from being used as gunnie pigs. She enlightened us on how to choose a study and perform those trials on humans. She explained the importance of Consent forms, both verbal and written. It is safe for both the dentist and the patients. She also explained that we should not commercialize the clinical trials and it is done for the benefit of the patients.

The program was concluded by Dr. S. Balagopal, Chairman DEU by giving the vote of thanks.
