## **TAGORE DENTAL COLLEGE AND HOSPITAL**

### **CLINICAL SOCIETY MEETING**

Clinical Society Meeting was organized by Dental Education Unit(DEU) on 29.06.2021 (Tuesday) in Google meet at 9:00AM.

The meeting started at 9:00 AM with a Welcome address by Dr. S.Parvathi M.D.S., Member, Dental Education Unit followed by an introduction of Dr.Vignesh M.D.S., Senior Lecturer, Department of Periodontics for the staff presentation. In his presentation he emphasized the importance of preserving bone height and width for implant placement with case series. After his presentation questions were asked by Dr. Sai Krishna M.D.S., regarding flap graft and clarified by Dr.Vignesh M.D.S.

The Second Presentation was by Ms. Kirtheika S CRRI from the Department of Pedodontics who highlighted on the importance of early diagnosis and treating developmental anomaly to avoid various complication associated with it. The presentation was followed by a very interesting and interactive discussion among staff members ( Dr.Balagopal, M.D.S., Dr. Sai Krishna M.D.S . Dr.Makesh Raj M.D.S and Dr. Jai Prakash, M.D.S) about odontome.

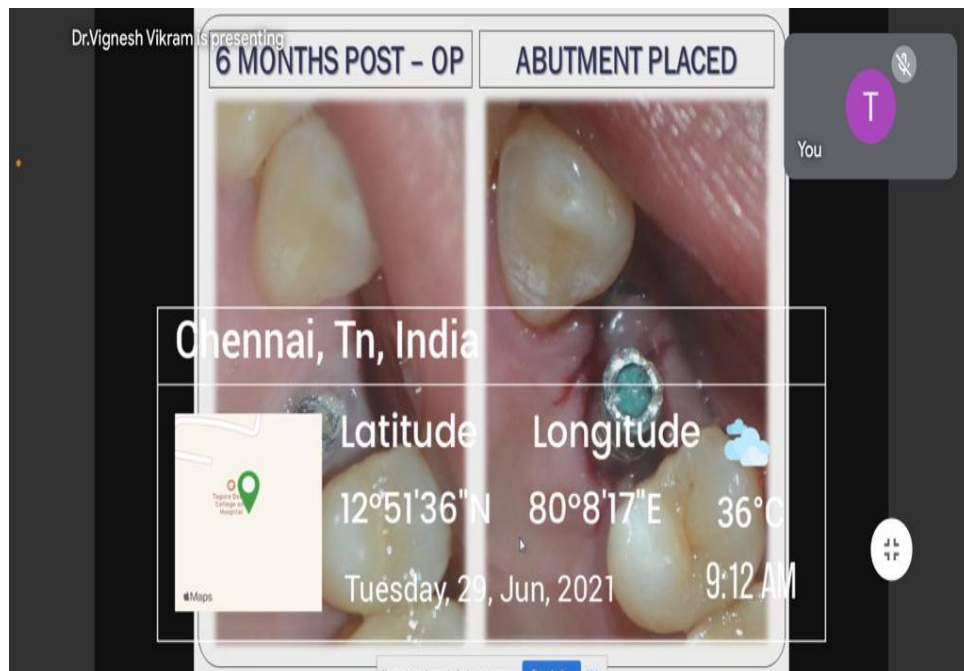

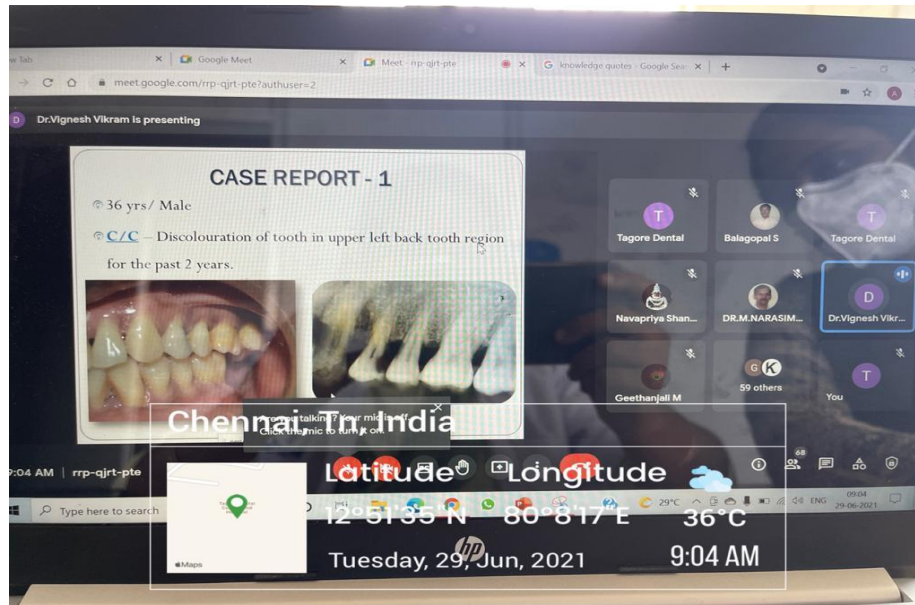

The Third Presentation was by Mr. Surya,CRRI from the Department of Oral Pathology and he presented a case report of Papillary Squamous cell carcinoma. After his presentation a brief discussion was done regarding the biopsy procedure and treatment plan of the case.

The final Presentation was by Ms.Yazhini CRRI who made us to see the evolution of the tooth brush and it was a very informative and clear presentation.

At the end, Vote of thanks was given by Dr. S.Parvathi M.D.S., Member, Dental Education Unit.

## **TAGORE DENTAL COLLEGE AND HOSPITAL**

### **CLINICAL SOCIETY MEETING**

Clinical Society Meeting was organized by Dental Education Unit(DEU) on 28.07.2021 (Wednesday) in college auditorium at 9:00AM.

The meeting started at 9:00 AM with a Welcome address by Dr. K.Mahalakshmi M.D.S., Member, Dental Education Unit followed by students presentation. Dr.Dhatshayani from the Department of Conservative dentistry and Endodontics presented on effect of ultrafast photopolymerization technique on four different composites. After her presentation questions were asked by Dr. Venkatakrishnan M.D.S., regarding time taken for photopolymerization and cost of light curing machines which was clarified by Dr.Balagopal sir. Dr.Jayaprakash sir questioned about the method to identify the reduction in intensity of the LC unit for which Dr.Dhatshayani said radiometer can be used.

The Second Presentation was by Ms. Harshita Balaji CRRI from the Department of Periodontics who highlighted on the various aspects of Laser and its uses in periodontics. The presentation was followed by interactive discussion about the scattering effects of laser and the best type of laser available in dentistry by Dr.Balagopal, Dr.Vignesh and Ms.Harshita. Dr.Venkatakrishnan appreciated the presentation skills of the presenter.

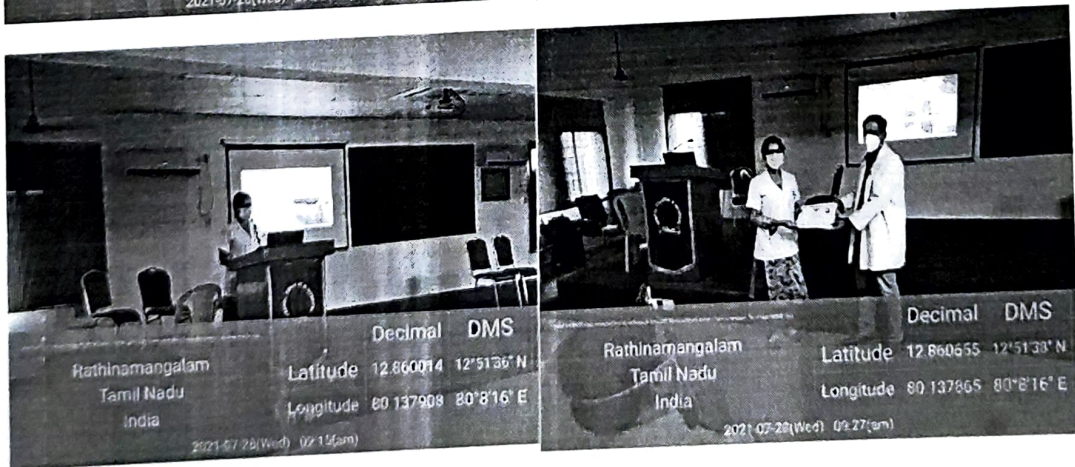

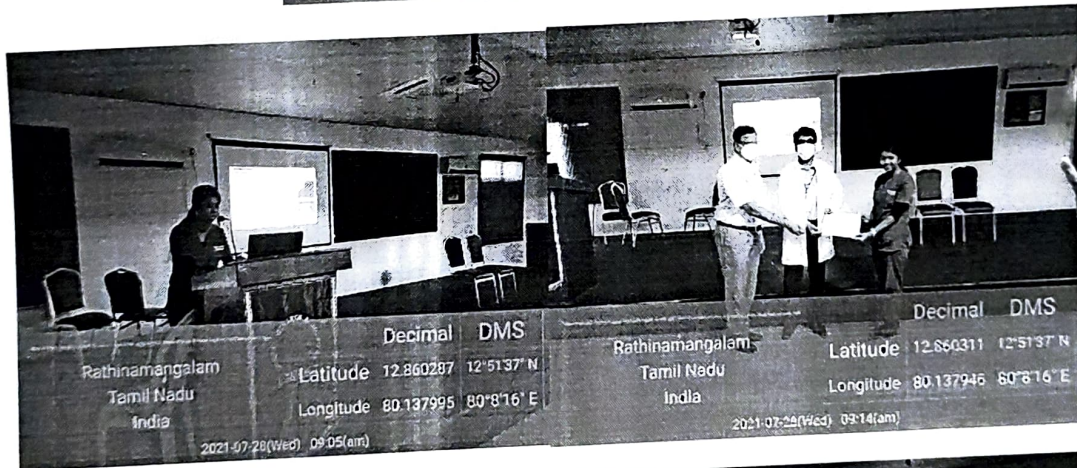

The Third Presentation was by Ms.Dhamini from the Department of Oral Medicine who presented a study regarding the effect of curcumin in treatment of oral submucous fibrosis. After her presentation a brief discussion was done regarding about the dosage of curcumin needed for treating the patients.

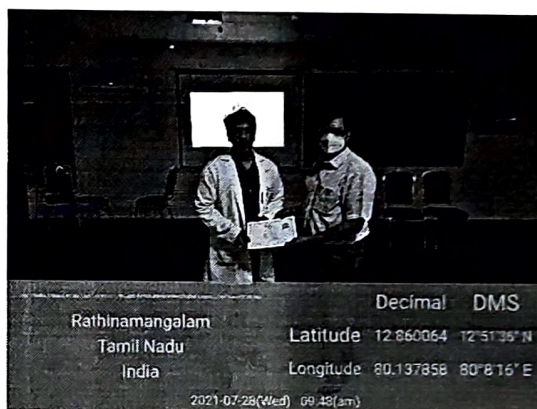

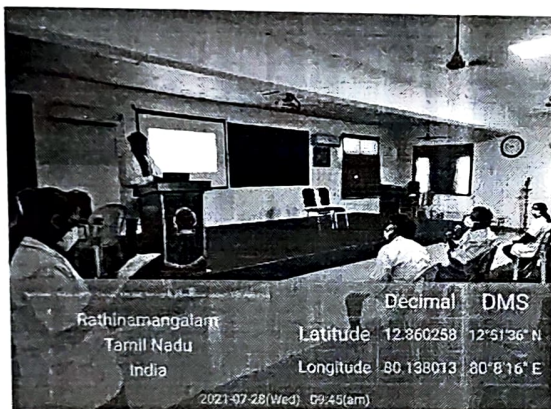

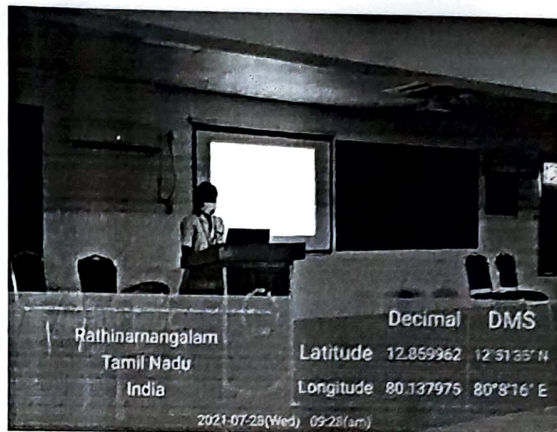

The final Presentation was by Dr. Meeran Sherif, MDS, Senior Lecturer, Department of Oral surgery. He presented a case report on management of frontal bone fracture. Following the presentation discussion about the possibility of medical management of frontal bone fracture was done.

At the end, Vote of thanks was given by Dr. Mahalakshmi M.D.S., Member, Dental Education Unit.

## **TAGORE DENTAL COLLEGE AND HOSPITAL**

### **CLINICAL SOCIETY MEETING**

Clinical Society Meeting was organized by Dental Education Unit(DEU) on 18.08.2021 (Wednesday) in college auditorium at 8:45AM.

The meeting started at 8:45 AM with a Welcome address by Dr. K.Mahalakshmi M.D.S., Member, Dental Education Unit followed by Staff presentation by Dr.Parvathi, Senior Lecturer, Department of Oral Medicine and Radiology. She explained about various oral mucosal lesions and the clinical difference in their oral manifestations.

The second presentation was by Dr.Keerthi .P (CRRI) from Department of Prosthodontics where she discussed on different methods of bone augmentation for implant placement.

The third presentation was by Dr.Varshini (CRRI) from the Department of Public Health Dentistry where she briefed about the importance of validating a questionnaire and the various methods to validate and assess the reliability.

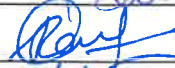

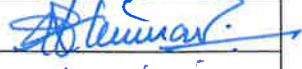

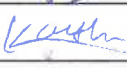

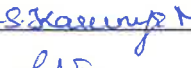

The final presentation was by Dr.Arrvinthan (PG) from the Department of Oral surgery where he presented a case report on management of Ameloblastoma. After his presentation questions were asked by Dr. Venkatakrishnan M.D.S., regarding the duration of healing time and flap reconstruction in the surgical area, following which Dr.Saikrishna (MDS) explained about the histological features of Ameloblastoma.

At the end, Vote of thanks was given by Dr. Mahalakshmi M.D.S., Member, Dental Education Unit.

## **TAGORE DENTAL COLLEGE AND HOSPITAL**

### **CLINICAL SOCIETY MEETING**

Clinical Society Meeting was organized by Dental Education Unit (DEU) on 15.09.2021 (Wednesday) in college auditorium at 8:45AM.

The meeting started at 8:45 AM with a Welcome address by Dr. S.Parvathi M.D.S., Member, Dental Education Unit followed by Staff presentation by Dr.Prasanna, Senior Lecturer, Department of Oral Pathology. He explained about the clinical and histopathological features about ameloblastoma and also presented a case report.

The second presentation was by Dr.Krishnaga (CRRI) from Department of Periodontics where she presented a case report on management of gingival recession using free gingival graft and also discussed about various methods and steps available for management of inadequate gingiva.

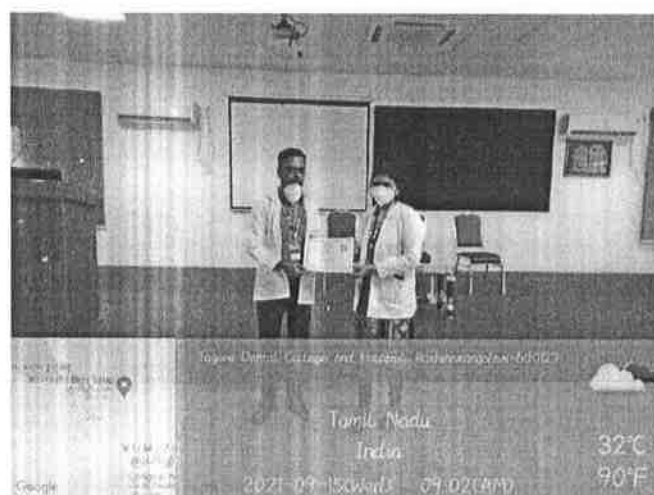

The third presentation was by Dr.Swetha (PG) from the Department of Orthodontics.she presented a case report on management of skeletal Class II using Surgical first approach.She also discussed about the case selection for surgical first approach and conventional orthognathic approach.

At the end, Vote of thanks was given by Dr. Parvathi.S, M.D.S., Member, Dental Education Unit.

## TAGORE DENTAL COLLEGE AND HOSPITAL

### CLINICAL SOCIETY MEETING

Clinical Society Meeting was organized by Dental Education Unit (DEU) on 20.10.2021 (Wednesday) in college auditorium at 9.00AM.

The meeting started at 9.00 AM with a Welcome address by Dr.K.Mahalakshmi M.D.S., Member, Dental Education Unit followed by Student presentation by Dr.Harshita Balaji ,CRRI , Department of Oral Pathology. She presented a rare case report of mucormycosis and also explained its clinical and MRI features. It was followed by a general discussion by Dr.Balagopal sir, Dr.Makesh raj sir and Dr.Jayaprakash sir about the clinical presentation about mucormycosis.

The second presentation was by Dr.Yoganathan (CRRI) from Department of Pedodontics He presented on the different types of dentrifies with its composition and the guidelines to be followed for its use in different age groups. It was followed by a brief discussion about the hygiene practices to be followed for the children below 6 months of age.

The third presentation was by Dr.Parameswaran, Senior Lecturer from the Department of Orthodontics. He presented on the clinical workflow of clear aligners, with its indications, contraindications and patient selection. He also presented some cases and discussed about the treatment plan.

At the end, Vote of thanks was given by Dr.Mahalakshmi.K, M.D.S., Member, Dental Education Unit.

## TAGORE DENTAL COLLEGE AND HOSPITAL

### CLINICAL SOCIETY MEETING

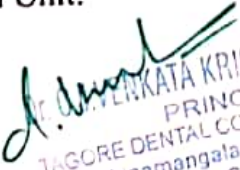

Clinical Society Meeting was organized by Dental Education Unit (DEU) on 17.11.2021 (Wednesday) in college auditorium at 8.45AM.

The meeting started at 8.45 AM with a Welcome address by Dr.K.Mahalakshmi M.D.S., Member, Dental Education Unit followed by Student presentation by Dr.Poorani ,CRRI , Department of Oral Medicine. She presented a rare case report of oral lichen planus on a 12 year old female patient and also explained its clinical and histological features. It was followed by a discussion by Dr.Balagopal sir, Dr.Parvathi and Dr.Vandana James about the clinical investigations needed for diagnosing lichen planus. A brief discussion about the history and treatment plan was also done.

The second presentation was by Dr.Dheepshi (III year PG) from Department of Conservative Dentistry and Endodontics. She presented on the guided endodontics and discussed about the steps in static and dynamic treatment planning. She also presented a case report using guided endodontics and also showed the 3d printed model and guide for doing an RCT in a partially obliterated teeth to the audience for better understanding.

The third presentation was by Dr.Soundarya.S.P, Senior Lecturer from the Department of Public Health Dentistry. She presented on the topic systematic review and how to collect and analyse the data for the same.

At the end, Vote of thanks was given by Dr.Parvathi, M.D.S., Member, Dental Education Unit.
