

TAGORE DENTAL COLLEGE & HOSPITAL

WEBINAR – RESTODONTICS

ZOOM MEETING

DATE: 20-7-2020

TIME: 4 PM ONWARDS

RESTODONTICS

Department of conservative dentistry and Endodontics, Tagore dental college organized a webinar on Monday (20.07.2020) at 4 pm on the topic **‘RESTODONTICS’** (direct, indirect and post endodontic restorations) presented by Dr. Shibu Sreedhar, MDS- OUTLUK-centre for advanced dentistry, chullickal, kochi. He explained about the importance of esthetics, morphology of tooth, contacts and contours of the tooth during restorations. He explained about Bio clear matrix system. By using that matrix, we can create a good contact and contours. He showed many cases which he done in his clinic using Bio clear matrix which showed good morphology and perfect contacts and he also follow up the cases and mentioned patient had no post-operative sensitivity because this matrix system will perfectly seal the dentin during restoration. He showed some cases of class 2 restorations and midline diastema closure using Bio clear matrix and explained each and every steps to be followed during restoration. Bioclear matrix showed good results in these cases. By using these matrices finishing and polishing time also can be reduced. He concluded by saying Bio clear matrix system offers a modern, minimally invasive approach to composite dentistry with anatomically shaped matrices that create beautifully blended, naturally contoured restorations.

TAGORE DENTAL COLLEGE AND HOSPITAL

Department of Conservative Dentistry and Endodontics

Invites you to attend the webinar on

RESTODONTICS

(Direct , Indirect and Post Endodontic Restorations)

Presented by
